

## Green politicians won't let you down.

Our region's MEPs could be doing so much more. Rupert needs just one in ten votes on June 4th to become the first Green MEP for Eastern England and join existing UK Green MEPs in the European Parliament. **The elections are run using proportional representation, so every vote for the Green Party will count.**

### Your Lead Green Party candidate Rupert Read

Rupert Read is at the top of the Green Party's list for June 4th's European Election. He is a City Councillor in Norwich, where he lives with his wife Juliette. He also teaches philosophy at the University of East Anglia. Rupert is giving the next five years of his life to make a difference in your region. Please give him five minutes of your time and VOTE GREEN ON JUNE 4TH.

**VOTE GREEN  
EASTERN ENGLAND**

EUROPEAN PARLIAMENT  
ELECTIONS 4TH JUNE

# IS THIS THE 2009 YOU HOPED FOR?

*All around us we hear: recession, bailouts, housing crisis, job losses, pension shortfalls, spin, empty promises*

## You deserve better than this!

*That's why it's so important for you to vote on June 4th.*

**Do you really want** more of the same politicians who got us into this mess? “We’ve changed, honest” and “Give us another chance” they cry...

But they are just asking us to keep them in work while ordinary people are losing their jobs.

It's time for a new approach. For hope, fresh thinking and principles – your principles, our principles.

Imagine the people who represent you actually telling the truth, and having the courage to put your interests in front of financiers and multinationals. Some economies **do** work: Green policies will support the local economy where you live.

We won't waste money on ID cards, privatisation schemes, new airports, bankers' bonuses and nuclear bombs. The Green Party wants to create and preserve local jobs now, by securing a '**Green New Deal**' that will:

- **Invest in a massive home insulation programme.**
- **Invest in renewable energy technologies.**
- **Protect our public services, hospitals and the Post Office.**
- **Preserve, not destroy, our shared environment.**

We don't want to find scapegoats. We want to find solutions.

Together we can make this happen

***Isn't it high time for that change?***

A living wage

Affordable homes

Safer streets

Free school meals

Better public transport

Green energy for all
